All coaches are equipped with state-of-the-art audio and video systems with CD, DVD, VHS and some with In-Motion Satellite TV systems. These coaches are equipped as Luxury Touring coaches with upgraded interiors, reclining seats, foot rests, reading lamps, restrooms onboard, large panoramic windows, PA systems, large luggage storage and overhead package compartments.

Please remember that when pricing Motorcoach operators, make sure you are talking to a company that actually OWNS motorcoaches, not just a broker. Make sure they meet the Government requirements for safety and insurance. One way to do both is to check the company's safety snapshot with the Federal Motor Carrier Safety Administration. You just need their US DOT number to check their safety record. Our record may be viewed at <http://www.safer.fmcsa.dot.gov/CompanySnapshot.aspx> and enter US DOT number 897600.
